

Having K-LOVE on the radio in Virginia Beach, VA has been such a blessing. I am a Christian who has been listening to K-LOVE for about a year and it has been wonderful to have K-LOVE and their positive music and message on the air for all to hear in Virginia Beach. It's a successful and positive way to witness to others about the love of God and as a result, lives have been changed. I am also in a closer relationship with God now than I have been in my entire life because of this station. It is an inspiration and an encouragement for not just those in the US but for our military who listen to it overseas as well, especially in Iraq and Afghanistan. Many military dependents live in my city and need to hear K-LOVE's encouraging word, too. Please don't take K-LOVE off the air. This station is exactly what our country needs right now. Thanks for your time and God Bless.
